

PROPOSAL WRITER'S GUIDE

What is a proposal?

- A proposal is a request to a sponsor for financial assistance
 - Describes the scope of the work
 - Includes an estimate of the costs that will be incurred to accomplish the work

Why Write a Proposal?

- Enhance Reputations
- Provide Resources for Research
- Free Up University Funding
- Further the mission of the University in teaching, research and outreach

Who can be a Principal Investigator?

- Tenure or Tenure Track Faculty
 - Professor
 - Associate Professor
 - Assistant Professor
- Non-Tenure Track Faculty
 - Senior Instructor
 - Instructor
- Directors
- Research Faculty Positions
 - Research Associates Post Docs
 - Sr. PRAs Senior Professional Research Associates
 - PRAs Professional Research Associates
 - Must have signature of a Supervisor (Directorate Member)

Who can be a Principal Investigor (cont.)

- GRAs
 - PI must be Directorate Member
- OR...according to sponsor guidelines....or special approval of the Chair/Dean

Who can be a Principal Investigator? Cont.

- An INSTAAR Affiliate can route proposals through CU
 - If an award is made the affiliate must have an appointment in HRMS.
 - In the affiliate is not drawing salary from his/her award, they will be set up in HRMS on a 0%, 0 dollar appointment.

For further information on who can be a Principal Investigator:

- Check out the VCR research website:
 - http://www.colorado.edu/VCResearch/ research policies/pi eligibility.pdf

- DEVELOPS IDEA
- IDENTIFYS POSSIBLE SPONSOR
- REVIEWS SPONSOR'S GUIDELINES
- COMPLETES INSTAAR PROPOSAL FORMS
- BEGINS TECHNICAL ASPECT PROPOSAL DEVELOPMENT
- SENDS DRAFT BUDGET TO INSTAAR CFO

- CFO WILL CREATE BUDGET AND RETURN TO PI FOR MODIFICATIONS
- WHEN PI/CFO AGREE UPON BUDGET, CFO WILL FORWARD TO OCG FOR REVIEW
- PI CREATES NON-TECHNICAL DOCUMENTS:
 - BIOGRAPHICAL SKETCH
 - CURRENT AND PENDING
 - FACILITIES

- PI SECURES COST SHARING/ MATCHING, IF APPLICABLE
- PI ADDRESSES ANY COMPLIANCE ISSUES
- NEGOTIATES DAICR SPLITS

PI FINALIZES ALL PROPOSAL DOCUMENTS

- FASTLANE ELECTRONIC COPY RELEASED TO OCG
- GRANTS.GOV PDF FILE EMAILED TO OCG

CHIEF FINANCIAL OFFICER -CFO

- REVIEWS PROPOSAL FORMS/GUIDELINES
- CREATES BUDGET
- ACTS AS A LIASION BETWEEN THE PI AND OCG
- ACTS AS A LIASION BETWEEN THE PI AND OTHER COLLABORATIVE DEPTS.
- ACTS AS A LIASION BETWEEN THE THE PI AND SUBCONTRACTORS
 GENERALLY SUPPORTS THE PROPOSAL PREPARATION AND SUBMISSION PROCESS.

OCG

OCG – Office of Contracts and Grant

- Provides guidance to the PI/Dept
 - Assist in the interpretation of policies and guidelines
- Reviews and approves the budget
 - Reviews budget and text for compliance
 - Insures University and Agency requirements are met.
 - Insures University commitments are appropriate, approved and documented.
- Creates cover page for signatures
- Enters budget information into fastlane for NSF proposals

OCG

- Provides any Assurance and Certification forms needed
- Coordinates Proposal Submission

Types of Proposals

Limited Submissions

- Sponsor may limit the number of proposals from and institution.
- The Graduate School Office of the VC for Research coordinates the internal review
- Selected PIs are notified of their eligibility to submit

Preliminary Proposals

- requested in advance of the full proposal
- reduce unnecessary effort
- must route through the Office of Contracts and Grants

Letter of Intent

- submitted by the PI – does not route through OCG

Formal (Full) Proposals

Types of Proposals cont.

- NEW
- RENEWAL/COMPETING

- CONTINUATION/NON-COMPETING

- SUPPLEMENT
- REVISION
- SUBAWARD/SUBCONTRACT
- COLLABORATIVE

Preliminary Proposals

- 1st step
- Letter of Intent Concept paper
- Pre-proposal
- Institutional endorsement may be required
- OCG endorsement required if cost sharing or other institutional commitments are required
- Invite to submit further
- Must be routed through OCG

Formal Proposals

Competitive application for external funding

- Can be solicited
 - or
- Unsolicited

What are the ways the agency request applications?

- RFP
 - Request for Proposal
 - One time invitation to submit
 - Fulfills a particular need
 - Exceeds \$100k
 - contract
- BAA
 - Broad Agency Announcement -competitive solicitation procedure used to obtain proposals
 - contract

What are the ways the agency request applications

- PA
 - Program Announcement communicates opportunity for research and education support
 - One time announcement for proposals
 - Well defined scientific area
 - Generally...a specific amount of dollars are set aside to fund a certain number of proposals
 - grant
- RFA
 - Request for Application formal opportunity to apply for a grant

Mechanisms for Funding

- Grant
- Cooperative Agreement
- Contract

Mechanisms for Funding

Grant

Sponsor serves as the patron

Gives financial assistance

Mechanisms for funding

Cooperative Agreement

Sponsor serves as a partner

- Gives financial assistance
- Has substantial program involvement

Mechanisms for funding

Contract

- Sponsor serves as the purchaser
 - Procures goods or services
 - Primarily benefits the sponsor
- Corporate
 Sponsored
 Research

Contracts can be: Cost Reimbursable:

- budget based
- Univ. underwrites
- Univ. invoices
- Sponsor pays and has the risk

Fixed Price:

- price based
- Univ. underwrites
- as milestones are met, products delivered, sponsor pays
- Univ. has the risk

The Grant Process

- An idea develops
- Identify Funding Source
 - Check Sponsor's Website
 - Review the Funding Opportunities email from the INSTAAR front office
 - Visit the OCG website:

http://www.colorado.edu/ VCResearch/research/index.html

Review Sponsor's Guidelines for specifics

Sponsor Specifics

- Does the sponsor's mission match the project idea?
- Does the sponsor typically give sufficient funds to support your project?
- Does the sponsor give the type of assistance you need (e.g. equipment?)

Sponsor Specifics

- Deadline? Mailing or Receipt?
- Pre-proposal or regular submission?
- Are collaborative proposals allowed?
- Subcontracts?
- Is there a specific budget period?
- Funding limit?
- Budget restrictions?
- Special overhead/indirect cost rate?
- Any cost-sharing required?
- Any match?
- Specific application package?
- Formatting of application?
- Submission process? Hard Copy? Electronic? # Copies?
- Limit to the number of submissions?

Use of Collaborators

- Provide clear justification for need
- Determine:
 - Collaborator vs consultant vs subcontractor
 - Collaborator:
 - Another Institution
 - Own award
 - Accountable to the sponsor
 - Consultant: Provides professional advice or service
 - Individual
 - Line item under "other" catergory within budget
 - Subcontractor (Sub-recipient) : Substantive Program Involvement
 - Subcontractor's indirect costs are a part of your direct cost
 - Awardee initiates a purchase order for the subcontract
 - Subcontractor is accountable to CU

Internal Process

- PI completes INSTAAR Proposal forms located on the INSTAAR web site, http:// instaar.colorado.edu/ under "Resources"
- Turn in rough budget to CFO, at least Two weeks prior to the deadline
- CFO compiles budget, returns to PI for any necessary changes
- CFO forwards budget to OCG
- OCG requires the budget 5 working days prior to the due date

INSTAAR PROPOSAL FORMS

There are multiple forms on the INSTAAR Web site...

NSF

Grants. Gov

INSTAAR PROPOSAL FORMS

- Form 1 Basic Info required for all proposals
- Form 2 Questions required for all proposals
- Form 3 Reviews and Signatures required for all proposals
- Form 4 Grants.gov Personnel required for all Grants.gov proposals
- Form 5 Collaborators and Subcontractors required only for collaborative proposals or those involving subcontracts
- INSTAAR PI Co PI Profile Form Must be on file before submitting to Grants.gov

INSTAAR Proposal Form 1 of 5

1. BASIC INFO Required for all INSTAAR proposals

Give this form and a draft budget to the Chief Financial Officer at least 3 weeks before the proposal deadline for Grants.gov submissions and at least 2 weeks for other submissions.

For details on the proposal process, see http://instaar.colorado.edu/other/proposals.html

1. Today's Date:		3. CU Co-PI's (Name & Department):		
2. Principal Investigator: 2b. Pl Phone: 2c. Pl Email:				
4. Proposal Full Title:				
5. Keywords: (Enter the most relevant words to de:	scribe the proposed project. Use comm	nas to separate words.)		
6. Project Start Date:	7. Project Duration:	8. Receipt Deadline:	9. Postmark Deadline:	
10. Grants.gov submission?	es (If Yes, continue 10)	12. Sponsoring Agency, Division,	& Program:	
10b. Search Grants.gov for two required codes: CFDA Number: Opportunity Number: 10c. If Grants.gov submission to NSF, two more required codes: NSF Division Code: Program Code: Go to https://www.fastlane.nsf.gov/pamannounce.jsp to find the Division and Program codes for this funding opportunity. 10d. PI Credential, eg agency login: (not required) 11. NSF Fastlane submission? Yes (If Yes, continue 11) 11b. Announcement #: 11c. Website URL for announcement/guidelines: 11d. Fastlane Password: 11d. Fastlane Password:		12b. Program Manager/Contact Person: 12c. Other Program info or Instructions: Submit to 13. Name: 13b. Street Address/P.O. box: 13c. City, State, Zip:		
14. Type of Proposal: New Renewal Continuation Supplement to Project #Award # Revision to Project #Proposal # Research Training Public Service Other Grant Contract - CR - Cost Reimbursable Contract - FP - Fixed Price		15. Overhead Rate On-Campus Off-Campus Off-Campus Other, describe here: 16. Split DA ICR with Other Depar 16b. List percentage for each Depar 12.5% (INSTAAR 87.5%) % Dept Name: % Dept Name: % Dept Name:		

17. Comments / Unusual Aspects / Instructions:

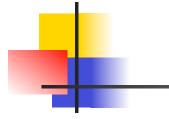

2. QUESTIONS Required for all INSTAAR proposals

Give this form **and a draft budget** to the Chief Financial Officer **at least 3 weeks before the proposal** deadline for Grants.gov submissions and at least 2 weeks for other submissions.

For details on the proposal process, see http://instaar.colorado.edu/other/proposals.html

1. Today's Date:	2. Principal Investigator:						
3. Proposal Full Title:							
4. Areas Affected by Project? (cites, counties, states, etc)							
5. Is work being done in another State or States ? Yes No (If Yes, continue 5)							
5b. List the State and Congressional Districts of Project: (For assistance, try www.house.gov Enter the zip code in the "find your representative area)							
State Congressional District Number State Congressional District Number							
6. Are Human Subjects involved? Yes No (If Yes, continue 6) 6b. Is the IRB Review Pending?: Yes No 6c. IRB Approval Date: 6 6d. Exemption Number: 1 2 3 4 5 6 6e. Human Subject Assurance Number:	7. Are Vertebrate Animals used? Yes No (If Yes, continue 7) 7a. Is the IACUC Review Pending?: Yes No 7b. IACUC Approval Date: 7c. Animal Welfare Assurance Number:						
8. Is proprietary/privileged information included in the application? Yes No (If Yes, contact joyce.kroll@colorado.edu 735-3118)							
9. Does this project have an actual or potential impact on the environment? Yes No (If Yes, continue 9) 9b. Please explain: 9c. Has an exemption been authorized or an environmental assessment (EA) or environmental impact statement (EIS) been performed? Y N 9d. If Yes on 19c, Please explain: 9c. Has an exemption been authorized or an environmental assessment (EA) or environmental impact statement (EIS) been performed? Y N							
10. Does this project involve activities outside the U.S. or partnership with International Collaborators? Yes No (If Yes, continue 10) 10b. Identify countries: 10c. Explanation (optional):							
11. If NSF submission via Grants.Gov, check appropriate box(es) if this proposal includes any of the items listed below: Beginning Investigator (GPG, Chapter 1.A) Small Grants for Exploratory Research (GPG, Chapter II.D.1) Accomplishment-Based Renewal (GPG, Chapter V.B.2) Historic Places (GPG, Chapter II.C.2.j) High Resolution Graphics/Other Graphics where Exact Color Representation is Required for Proper Interpretation (GPG, Chapter I.G.1)							

^{12.} Comments / Unusual Aspects / Instructions:

INSTAAR Proposal Form 3 of 5

3. REVIEWS & SIGNATURES Required for all INSTAAR proposals

Submit the required materials listed below to the Director at least 2 weeks before submission. Routing multiple copies of this form is OK; send all signed copies to the INSTAAR Chief Financial Officer.

7. Comments / Unusual Aspects / Instructions:

Proposal Guidelines

NSF collaborative proposals when CU is the prime

- Each collaborative Institution should send the following info to joyce.kroll@colorado.edu 303-735-3118:
- 1. NSF temporary proposal #. this is the # that is automatically assigned when the proposal is set up in FastLane.
- 2. Proposal PIN. This must be manually assigned.
- All collaborative institutions need to have the same:
- 3. Title: "Collaborative Research: followed by the real title"
- 4. Start and end dates.

Subcontracts

- Each subcontractor should create the following documents:
- 1. Statement of Work which clearly states the deliverables [data, samples, reports, etc] and a time line for the deliverables.
- 2. Letter of Commitment/Cooperation from the sub's grants office stating intent to establish a subcontractural
- relationship/collaboration [whatever the grants office will provide]. Letter should be addressed BUT NOT SENT TO
- Randall W. Draper, Director Office of Contracts and Grants. This letter needs to be signed by the sub's grants office and the sub Investigator.
- 3. Detailed Budget that resembles Julie's spreadsheet as best possible. For NSF submissions, also need a budget for each year and a composite budget for all years completed on the NSF form 1030. The NSF budget forms need to be signed by the Grants officer and the sub Investigator.
- 4. Budget Justification. For Grants.gov submissions this will be the same as loaded into the Grants.Gov module.
- 5. Documentation re the overhead rate used in the sub's budget.
- 6. Documentation re the fringe benefit rates used in the sub's budget
- 7. Bio
- 8. Current and Pending

INSTAAR PI/Co-PI PROFILE FORM Required to be on file before submitting any Grants.Gov proposals as PI or co-PI

Complete this form and give to the Chief Financial Officer.

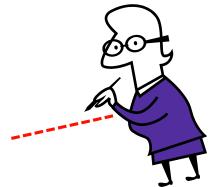

*Required fields are marked with an asterisk. Additional fields are optional and not a pre-condition of award. However, additional fields do allow the Federal Government to better "monitor the operation of its review and award processes to identify and address any inequities based on gender, race, ethnicity, or disability ..."

1*. Today's Date:							
2*. Personal Info:							
Prefix:	First Name:	Middle Nam	e: Last Name:	Suffix:

6. Race (check all that apply): American Indian or Alaska Native Asian Black or African American Native Hawaiian or Other Pacific Islander White Do Not Wish to Provide			ithnicity:	9. Disability Status (check all that apply): Hearing Visual Mobility/Orthopedic Impairment Other None Do Not Wish to Provide			
7. Citizenship:							
10*. Degree Ty	10*. Degree Type:						
11*. Degree Ye	11*. Degree Year:						

12. Comments / Unusual Aspects / Instructions:

The Proposal

- The formal request for funding prepared in accordance with the sponsor's instructions
- The official audit record for the University of Colorado
- Includes:
 - Cover Page
 - Abstract
 - Project Description
 - Bibliography
 - Biographical Sketch
 - Current and Pending Support
 - Budget
 - Budget Justification
 - Attachments
- See "A Guide for Proposal Writing" National Science Foundation or Grants.gov Application Guide

A Guide for Proposal Writing

http://www.nsf.gov/pubs/2004/ nsf04016/nsf04016.pdf

Application Package

- Varies by sponsor
- Check the website for the sponsor submission instructions:
 - Number of copies
 - Mailing Addresses
 - Deadlines

The Cover Page

- First page of the proposal provided by OCG
- Provides
 - CU Proposal Number
 - Funding Agency information
 - Title
 - Time Frame
 - Amount Requested
- Signatures:
 - PI
 - Chair/Director if required
 - Director OCG commits University to contractual agreements

Table of contents

- Not needed for brief proposals
- Needed for long and detailed proposals
- List major parts/divisions a reader's "map"
- Should be numbered in lower-case
 Roman numerals.

The Abstract

- Short summary of the proposed research
- Describes the aims and procedures of the project – selling point of the proposal
- Summary should include a clearly identifiable statement that addresses the Broad Impacts and Intellectual Merit of the proposal. Label the statement clearly by using bold font.
- Should be limited to 200 words
- Frequently journalized

The Project Description – Research Plan

- "The text", the research plan
- Background and significance "the what & why"
- Experimental design and methods "the how & why"
- Persuasive convincing reviewers that this is a good investment.
- Usually page limited

The Bibliography

- Should be relevant and current
 - References for literature cited in the proposal
 - Include: Author, Title, Volume #, Page # and Year of Publication
 - Demonstrates the amount and kind of scholarship you have put into the proposal.
 - Provides a starting-place for reviewers to begin their homework.

The Biographical Sketch

- Vitae
- Should be included for all key personnel
- Highlights the qualifications of the project personnel
- Allows the reviewer to evaluate the adequacy of project staff.
- Include:
 - Name; date and place of birth; social security number (optional)
 - Educational History
 - Honors
 - Major presentations
 - Publications
- May be page limited

Biographical Sketch (cont.)

Biographical Sketches

- Publications may be limited
- Include list of collaborators
- Include synergistic section

Current and Pending Support

- List of current awards for key personnel
- List of pending proposals for key personnel
- Include:
 - Funding Agency
 - Award Number
 - Project Title
 - Period of Performance
 - Amount of award
 - PI's time commitment

Facilities and Equipment

 Describes facilities and equipment available to the principal investigator through the University of Colorado and/or through collaborators

The Budget

- An estimate of costs needs to reflect as accurately as possible, the funding needed to carry out the proposed research.
- Direct Cost + Indirect Costs = Total Costs
- Reflects the scope of the project
- Must be allowable, allocable, consistent,
- Must be reasonable and verifiable

SF424

Direct Costs

- Those costs directly related to the Project, charged directly to the project
- Arranged in Cost Categories
 - Personnel
 - Salaries
 - Benefits
 - Equipment
 - Travel
 - Participant Support Costs
 - Other
- Organized by funding period

Personnel

- Personnel includes only payments made to project workers who are paid on a salary or wage basis (salary and fringe benefits):
 - Who
 - What Capacity
 - How long
 - Type of Appointment
 - Percent of Effort
 - Salary \$\$ if available

- PI
- Co-PIs
- Post Docs
- PRAs
- GRAs
- Students
- Staff

Percent of Effort

- All responsibilities (teaching and research) may not exceed 100%FTE
- The portion of salary charged to the project is based on the percentage of FTE committed to the project

- PI
 - If the proposal is going to NSF, is the PI registered?
 - What is the salary?
 - Salary increases are effective July 1 for Academic (9 month) appointments
 - NSF: Summer salary for faculty members on AY appointments is limited to no more than two-ninths of their regular AY salary

- Co. PIs.
 - Are they eligible?
 - Are they registered in Fastlane?
 - What department are they affiliated with?
 - Other institution's PIs are not allowed on the CU cover page. They are allowed on the NSF cover page.

- Post Docs Research Associates
 - Salary range for new Post Docs set by the Director
 - Salary increases are effective October 1
 - Twelve month
- PRAs
 - Professional Research Assistant
 - Salary increases are effective October 1

- GRAs
 - Graduate Research Assistants
 - Percentage
 - AY, summer or both
 - Specific school affiliation?
 - Stipend
 - Tuition
 - Resident
 - Rates are set July 1

- Hourly Wages
 - Undergraduate Assistants
 - Hourly rate varies with responsibility
 - Minimum of \$7.64/hour
 - Work Study Students
 - Government pays 70%
 - Department pays 30%
 - # hours X hourly rate

Classified Staff

- A-21 generally prohibits
- Can be used if included in the budget
 And approved by the sponsor
- Increases are effective July 1

• Хр

- XP = "x" percent
- Assessed on all budgets, unless specifically stated by the sponsor
- 6% of the MTDC (modified total direct costs) for proposals with on-campus O.H.
 - 4% to the Project Accountant
 - 2% to the System Administrator
- 9% of the MTDC for proposals with Off-campus O.H.
 - 7% to the Project Accountant
 - 2% to the System Administrator

Benefits

Benefits:

% of the salary base (effective 7/1/12)

- TIAA
- FICA
- Medicare
- Worker's Compensation
- Unemployment
- Annuitant' s Insurance
- Health Insurance

Benefits Rates Effective 7-1-12

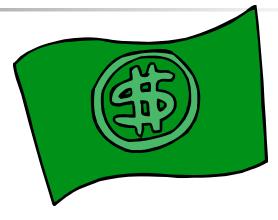

- Teaching Faculty 27.5%
- Research Faculty 30.9%/10.6%
- Student Faculty (GRAs, TAs) 7.9%
- Classified Staff
- Hourly

1.0%

30.9%/10.6%

Equipment

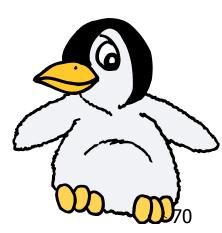

- Equipment
 - Capital or non-capital?
 - Acquisition Costs?
 - \$5000 or more = Capital
 - Includes needed accessories, installation and delivery costs.
 - System fabrication?
 - Lifeline
 - Useful life of 1 year or longer

Travel

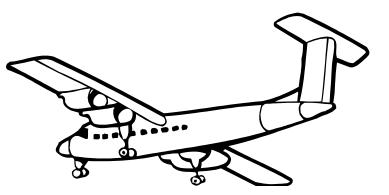

Travel

- To consult with colleagues, conduct research, or disseminate knowledge at professional meetings
- Domestic or Foreign
 - Domestic: travel within the U.S., its possessions, and usually Canada
 - Foreign: trip begins or ends in another country (check with agency to see if allowable)
- Describe and List Each Trip Separately Provide:
 - Traveler, Destination, Purpose, Length of trip.
- Federal Funds require the use of U.S. air carrier

Travel (cont.)

- Itemize costs for:
 - Airfare
 - Per Diem
 - Ground
 Transportation
 - Registration
 - Other

Materials and Supplies

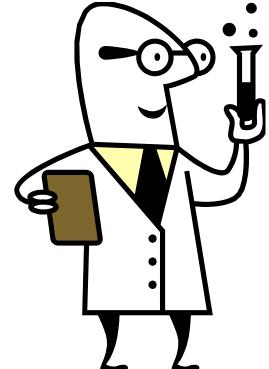

- Expendable, consumable
- Cost less than \$5000 per unit
- Breakdown by:
 - Office supplies Generic office supplies are generally not allowed on grants. These are items the federal government feels the recipient would provide whether or not an individual was doing project specific research...

ie: tablets, pens, pencils, etc.

The grant will generally cover items more directly related to the research such as items needed to prepare graphs, statistics, etc.

- Lab supplies
- Field supplies

List quantity, cost per item

Publication Costs

- Publication Costs the cost of disseminating research results
 - Required reports
 - Publication in professional journals
 - Page charges
 - Reprint charges
 - Manuscript illustration

Participant Support Costs

- Cost in connection with NSF sponsored, conferences, meetings, symposia, training and workshops
- Generally, indirects are not allowed on Participant Support Costs (PSC)
 - Transportation
 - Per diem
 - Stipends

Other Direct Costs

- Other Direct Costs: Everything not covered in the specific categories already listed.
 - Consultants provides professional advise or service for a fee
 - Payment to an individual considered independent contractor
 - Name, title
 - Define Rate of Pay: Salary Rate X # days or hours
 - Other expenses (travel)
 - Provide Scope of Work letter of agreement outlining the scope of involvement
 - Federal funds may not be used to pay federal employees for consulting

Other Costs (cont.)

Other

- Subcontract Costs Subrecipient Agreements
 - Payment to a company, a University or an Institute where work is to be done to aid in the fulfilling the scope of the project
 - The subcontractor must submit their own budget to the prime, even though their budget will be entered in the prime's budget
 - PI must complete the Subcontract Review Form
 - Subcontractor must provide:
 - Cover Page/signed by the authorized institutional representative (own institution's page/not NSF)
 - Budget pages (1030/NSF, SF 424/Grants.gov)
 - Certification pages
 - Statement of Work
 - Copy of their Indirect Cost agreement, if available
 - Letter of commitment from the subcontractor
 - CVs
 - Current and Pending
 - Sub-recipient Commitment Form

Sub-contract Review Form

Subcontracts / Subaward Review Form Office of Contracts and Grants

Organization's Legal Name

UCB Project Number

Project Title:

As the Principal Investigator, it is important to understand the responsibilities that go along with the award you have received. The Management of the award, including the subawards and subcontracts (collectively, Subaward), is the responsibility of the Principal Invarigator. Reasoneview the organization's proposal, including their statement of work, technical proposal, management plan and budget. Please answer the following questions about organization's proposal

- Do you consider the organization's budgeted costs reasonable for the level of work being proposed in response to the Subaward requirements? □ Yes □ No If no, please elaborate as to the weakness of the budget and how we can ask them to
 - make corrections.
- 2. Does the organization have management and technical resources and infrastructure that are adequate to support and perform the research required by the Subaward? \Box Yes \Box No If no, please elaborate as to how they will manage and perform the Subaward or if we should ask the organization to address the weaknesses.
- 3. Has the organization performed like or similar research successfully in the past? □ Yes □ No If no, please elaborate as to why we are working with this organization for this project.
- 4. Is the cost proposed adequate to suggest the technical and management aspects of the work to be performed? □ Yes □ No If no, please claborate on what needs to be done to make the propersi adequate.

5. Is this organization with a foreign company or institution? C Yes C No.

Is the work to be performed under this Subaward Jenows or anticipated to be subject to expant controls at any time during performance (e.g., outside the scope of the fundamental research exemptions (FRE) allowed under fideral linewidtunde (fruited States)?

Is the University or the organization utilizing foreign nationals on this Award?
DYes DNo

If yes to any of the above, have you contacted Linda Monis (492-2889) in the University's Office of Research Integrity to determine if an expert license may be necessary? Digg. , No

Principal Investigator Certification

<u>FINITION INVESTIGATION AND INVESTIGATION</u> Is the Phintipal Investigator's responsibility to review the organization's propenal for reasonableness and adequacy to ensure successful performance of the project requirements as stated in the Subaward. It is also the PI's responsibility to review all of the organization's invoices throughout the period of performance for reasonablences.

I have reviewed the attached documents received from the organization and have determined that the costs stated in the proposed budget are reasonable to successfully perform the requirements of the Subaward.

Subcontract Review Form.doc 01/27/11/02

Indirect Cost Splits

- A portion of the Indirect Cost recovered by the University is returned to the department (DAICR)
- The split for any return is decided when the proposal is processed. The split is between INSTAAR and the faculty member's department
- Normal split: 87.5% INSTAAR, 12.5% to the department.
- "Non-normal" splits must be documented in writing.

Indirect Cost Split Calculation

- Unit administering the grant gets 25%
- Unit where the work is physically done gets 50
- Unit(s) invested in the faculty member (e.g. start up costs, student/post doc costs, etc) get 25%
- Ie: faculty member split between INSTAAR and Geography
 - INSTAAR 25% ADM.
 - INSTAAR 50% LAB
 - INSTAAR 12.5% INVEST
 - INSTAAR TOTAL 87.5%
 - Geography 12.5% INVEST

DAICR Program

- Began in 1983
- DA-ICR Departmental Administration
- Support to the General Fund in proportion to indirect cost recovery generated by INSTAAR' S sponsored projects
- 29% of campus ICR returned to units less certain deductions are made

Collaborators

- CU = Prime
- Only one institute submits
- Others "link" to the main proposal
- Collaborator provides proposal # and pin

The Budget Justification

- Justifies the requested funding
- Applicable to fund requested as well as funds donated
- INSTAAR Justification
 - AKA: "THE BLURB"

The Blurb

INSTAAR Budget Justification:

The Institute of Arctic and Alpine Research (INSTAAR) is a unique unit of the University of Colorado, solely dedicated to research and completely separate, though complementary, to the traditional academic department. INSTAAR is an interdisciplinary institute, designed to house large and complex research programs. Each individual investigator has access to a depth and broad range of scientific expertise that compliments his/her research.

Support is requested for System Administration. The System Administrator's tasks include maintenance and upgrades for computer networking, printers, communication, network access, software installation, maintenance of INSTAAR's server and poster printing.

The Blurb (cont.)

 Support is also requested for technical assistance that is necessary for executing, administering and accounting for the proposed project. This position provides administrative support in the areas of grant administration, finance, budget, accounting (including payroll, travel, purchasing, accounts receivable/payable, inventory, etc.

Communications and duplication includes such items as toll calls, postage, fax charges, telephone equipment and photocopies that specifically support this project. The University of Colorado maintains telecommunication services that include the capability of tracking expenses to specific projects. In addition, INSTAAR maintains photocopy services that include capability of tracking expenses to specific projects.

UnixOps is a CU Internal Service Center that contracts its expertise to meet the computational needs of CU PIs and units. The ECI facility contracts its software and hardware support needs, licenses, and memory backup cycling to UnixOps.

The Budget Justification

- If the researcher chooses to do their own justification, they must incorporate the INSTAAR justification into it.
- Make a case for the items in your budget
- Need must be made explicit, implied is not sufficient

The Budget Justification (cont.)

How were costs determined?

Use price quotes for large dollar items

Resources and Environment

- May be required by Sponsor
- Opportunity to present the research environment:
 - Laboratories and/or other facilities
 - Equipment
 - Office Space

Cost Sharing

- If at all possible, avoid.....
- Amount varies by agency and project
- May be mandatory requirement of the sponsor or voluntary commitment by the PI

- Occurs when the University is spending University funds (General, Auxiliary,Gift, or Plant) on a project
- May not come from another federal source

 May be satisfied with a portion of the salary, benefits, related indirect costs for the PI-documented via the PERS

(Personnel Effort Reporting System)

 May be satisfied with the purchase of a piece of equipment for the project by the University-documented by the establishment

of a separate fopps for tracking

Program will be named: "Costsharing for proj#153XXX"

- May be satisfied by unrecovered F&A
- May be covered by Third-party contributions (e.g., volunteer services, use on non-university equipment or facilities, employee time from other organizations

Audit – Cost Sharing

- Purpose to "leverage"
- Become a focal point in A-133 audits
- Most common audit findings:
 - Failure to track the cost sharing in separate accounts
 - Commingling cost-sharing expenses with other unrelated costs
 - Absence of documentation for cost-sharing expenses in third-party, in-kind contributions
 - Overvaluation of third-party, in-kind contributions
 - Failure to monitor cost sharing claimed by subrecipients
- Consequence of insufficient documentation could be disallowance of the federal portion of the expense

Match

- If at all possible, avoid.....
- Some sponsors require a match be made on equipment purchases
- Prior to 10/9/02 the Graduate School approved a 50% match for projects. The G.S. paid 67% of that amount, while the Institute picked up the remaining 33%.
- As of 10/9/02, the Graduate School changed its stance, stating it would only match when a match was required. When a match was required, the G.S. would only match up to 40%.
- Effective 9/30/05 the GS matches 50% with the remaining 50% split between the department and the institute.
- Allow ample time to process the Equipment Matching Funds Sheet

Attachments

- Optional
- Kept to a minimum
- Act as subsidiary to the main proposal
- i.e.
 - Supporting documents
 - Tables
 - Photographs
 - Illustrations
 - Graphs
 - Charts

Federal Assurance and Certifications

- Drug-Free Workplace
- Certification regarding Lobbying
- Delinquency on Federal Debt
- Civil Rights

Must be signed by the Institution's Authorized individual.

Special Approvals

- Animals
- Human Subjects
- Recombinant DNA
- Radiation

Letters of Support

- Required of collaborators mentioned in the Project Description
- Requires authorizing signature of
 Of appropriate collaborator official

Submission:

Two ways to submit to NSF:

- Internet/web technology to facilitate the way NSF does business with the research, education and related communities
- Grants.gov
 - Single Government-wide portal for finding and applying for Federal grants online

- Effective 10/00 all NSF proposals had to be entered online via "Fastlane"
 - Now may be also entered via Grants.gov
- Investigator must be registered in Fastlane
- Contact Joyce Kroll in Office of Contracts and Grants to register

- You will need to provide the following information for registration:
 - First name
 - Middle initial
 - Last name
 - Suffix to last name
 - Social Security Number
 - CU department and UCB number

- CU phone number
- CU email or email account checked most frequently
- CU Fax number
- Highest degree earned
- Year that degree was awarded

- Have you ever served as a PI/Co-PI on a federally funded project?
- Ethnicity: Hispanic/Latino or Not Hispanic Latino You may decline to answer this question.
- Impairments: mobility, vision, hearing, other? You may decline to answer this question.
- Citizenship status: US citizen, Permanent Resident or other?
- Race

- Fastlane Homepage
 - http://www.fastlane.nsf.gov/fastlane.jsp
- To check on a proposal:
 - Go to Proposal Preparation:
 - Enter Last Name, Soc. Sec. #, Password
 - Click on proposal preparation button
 - Click on prepare proposal
 - Highlight the appropriate proposal
 - Click on edit
 - Click on budgets
 - Print from Navigation box only

Subcontracts

- So....You are the recipient of an subcontract from another institution...
 - Remember...these are considered Federal Flow Thru Funds or
 - Pass Thru Funds
 - As such, they are subject to the rules of the original sponsor
 - The other agency will want a budget and statement of work from us
 - They will enter our budget in Fastlane or if they want OCG to enter, OCG will need their pin and temporary proposal #.

Ready to Submit?

- Log into fastlane as usual
- Edit Screen, click on the "Allow SRO Access" button
- Select the 3rd. Level allow SRO to view, edit and submit
- Email will be generated to OCG personnel (don't rely on the email – follow-up with a phone call to OCG)

Grants.gov

- Portal for submission
- University rather than the PI is registered
- PI sends files to OCG
- OCG prepares and uploads the files into Grants.gov

Supplemental Funding Request

- Summary
- Justification for the supplement: why the proposed work can't be covered by the main proposal
- Budget justification "blurb" or more?

UNIVERSITY COMMITMENTS The Processing Form must be signed by the PI and all Co. PIs

The Processing Form – Page 1 cont.

Outlines Commitments:

- Space/Facilities renovations, space rental
- General Fund/Matching equipment match (form required)
- Subcontracts/Consultants
- AY Support
- AY Cost Sharing -
- Other Cost Sharing 3rd party in-kind, GRA support
- Overload/Course Reduction
- Biohazards
- Radioactive Materials.
- Human Subjects
- Animals

The Processing Form – Page 2

- Must be signed by the PI/Co. PIs
- Agreeing that you are in compliance with government regulations and University policies
- Conflict of Interest
- DEPA must be completed before proposal is submitted.

The Processing Form – Page 2 cont.

Conflict of Interest

- Exists when an employee's financial or personal considerations may compromise, or have the appearance of compromising, an employee's personal, professional and academic activities
- Exists when professional service or research contracted outside the University interfers with the employee's paramount obligations to students, colleagues, and the primary missions of the university

The Processing Form – Page 2 cont.

- DEPA
- DEPA = DISCLOSURE OF EXTERNAL PROFESSIONAL ACTIVITIES
- All faculty required to submit an annually
 - Tenure track faculty
 - Instructors
 - Lecturers
 - Adjunct faculty
 - Research professors
 - Research associates

Title: MCM LTER Program - USGS Ongoing Support 2008-09 Season

PI: McKnight, Diane

Proposal No: 1108.40.1754B

Ð

OFFICE OF CONTRACTS AND GRANTS PROPOSAL PROCESSING FORM

PRINCIPAL INVESTIGATOR(S) STATEMENT REGARDING COMPLIANCE WITH GOVERNMENT REGULATIONS AND UNIVERSITY POLICIES: MISCONDUCT IN RESEARCH AND AUTHORSHIP, CONFLICTS OF INTEREST AND COMMITMENT

I acknowledge that I am aware of, understand, and will conform to all applicable sponsoring agency and University policies regarding misconduct in research and authorship. (http://www.colorado.edu/VCResearch/ORI/scrm.html)

I acknowledge that I am aware of, understand, and will conform to all campus and University policies and procedures governing conflicts of interest and commitment. (http://www.colorado.edu/VCResearch/ORI/coic.html)

I acknowledge that, as Principal Investigator, I am responsible for ensuring that anyone "responsible for the design, conduct, or reporting of research or educational activities funded or proposed for funding" (NSF, July 1995) has disclosed any financial or other potential conflicts of interest or commitment with the activities encompassed by this proposal.

Specifically, with respect to any inventions made or discovered or copyrightable material produced in the course of the proposed activities, I agree that my rights and those of any Investigators working on the project shall be controlled by the terms of any resulting award document. I further agree that I am subject to and will comply with the University Patent Policy, and will make such assignment of rights as is required in the award document or University policy. (https://www.cusys.edu/policies/Academic/IP-Discoveries.pdf) (https://www.cusys.edu/policies/Academic/IP-Educational-Materials.pdf)

Each investigator must indicate whether or not he/she has a current Disclosure of External Professional Activities (DEPA) on file, and whether such financial disclosure(s) or other personal or professional commitments may constitute a potential conflict of interest with this proposal. Please note: if this is a proposal to NSF or NIH, then it cannot be submitted until all investigators have a current DEPA on file; if this is a proposal to any other prospective sponsor, then no account can be established until all Investigators have a current DEPA on file. In all cases, OCG will require confirmation that any identified conflict has been managed prior to disbursement of any funds awarded.

Please have the PI and any Co-PI's sign below:

Principal Investigator:		DEPA	Y	No	Date	Conflict? YNo	
Co-Principal Investigator:		DEPA	Y	No	Date	Conflict? YNo	
Co-Principal Investigator:		DEPA	Y	No	Date	Conflict? YNo	
Please list any other project personnel responsible for the design, conduct, or reporting of research or educational activities:
